

Exhaust Gas Recirculation (EGR) System Components — Exploded View

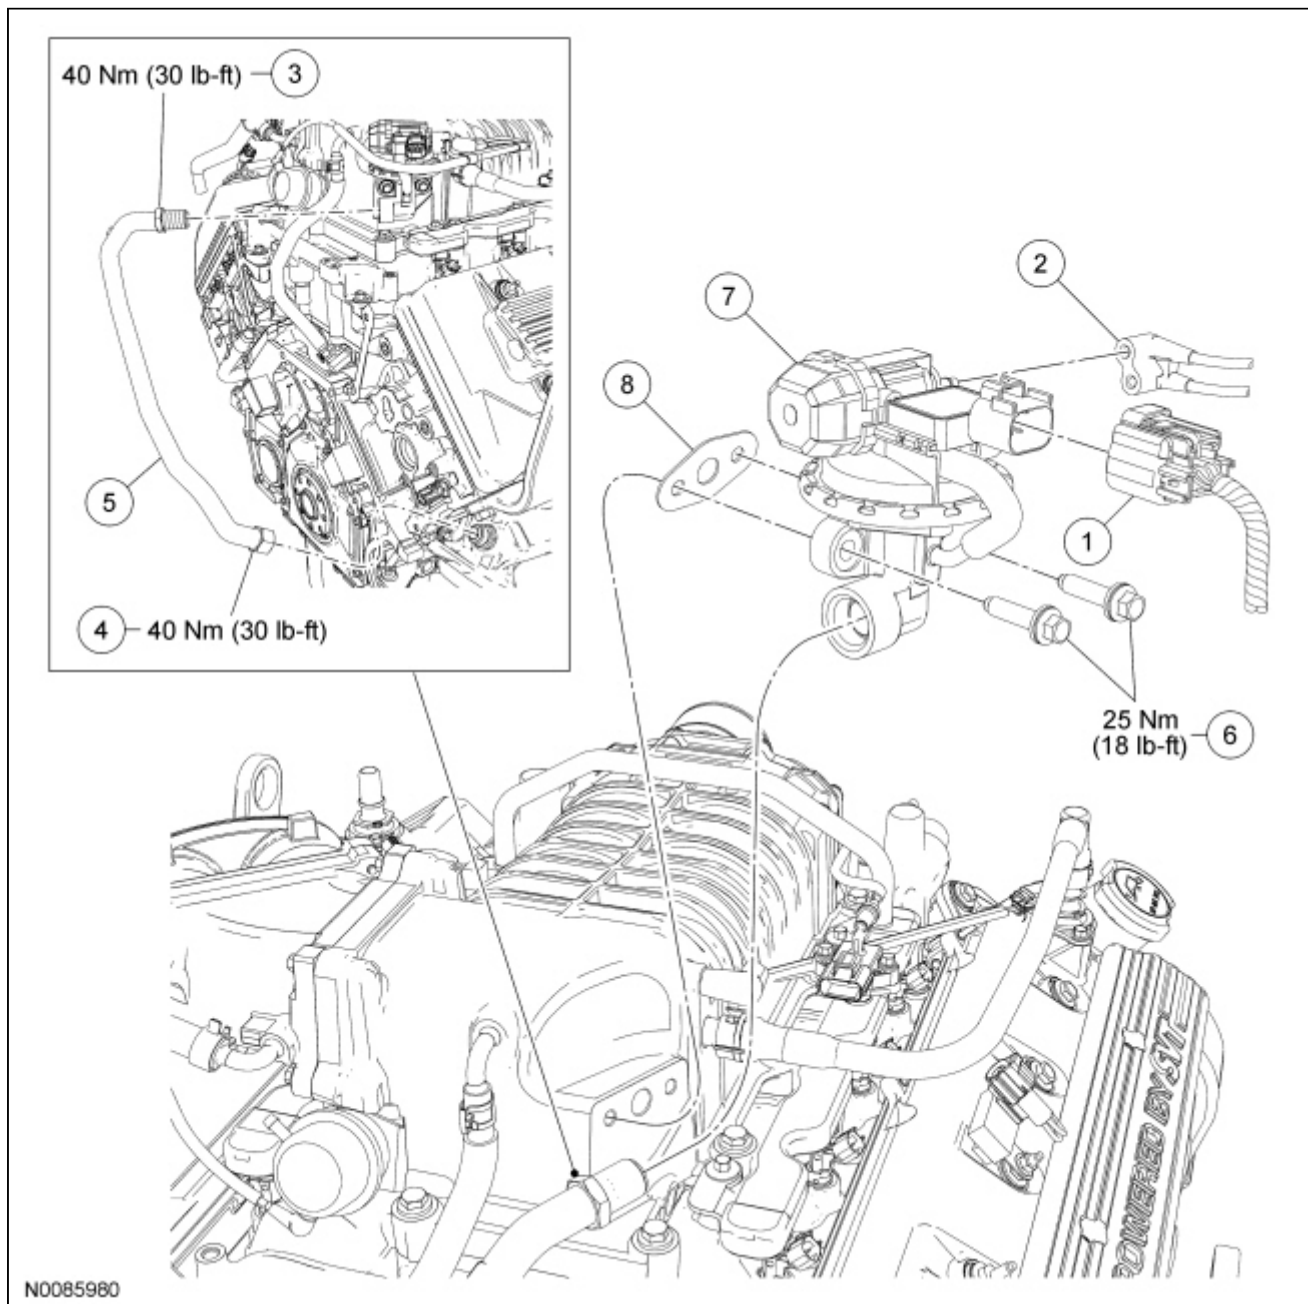

4.0L SOHC Engine

Item	Part Number	Description
1	14A464	EGR system module electrical connector
2	9E498	Engine vacuum harness-to-EGR system module connector
3	—	EGR system module tube-to-EGR system module fitting (part of 9E469)
4	—	EGR system module tube-to-exhaust manifold fitting (part of 9E469)

5	9E469	EGR system module tube
6	W500224	EGR system module bolts (2 required)
7	9Y456	EGR system module
8	9D476	EGR system module gasket

5.4L 4V Engine

Item	Part Number	Description
1	14A464	EGR system module electrical connector
2	9E498	Engine vacuum harness-to-EGR system module connector
3	—	EGR system module tube-to-EGR system module fitting (part of 9D477)
4	—	EGR system module tube-to-exhaust manifold fitting

		(part of 9D477)
5	9D477	EGR system module tube
6	W500224	EGR system module bolts (2 required)
7	9Y456	EGR system module
8	9D476	EGR system module gasket
